

REALTOR PARTNERSHIP PROGRAM

We make you the hero to your past clients.

When a homeowner you closed a deal with calls you six months later about a roof leak, an HVAC issue, or a kitchen they want to gut, you have one number to give them. Ours.

01

The stamp travels with the house.

Two stamps, Hometown Builders Club and Home Clarity Report, appear in listings, lift home value, and give buyers a documented reason to pick that house.

02

You stay the hero forever.

Even if the homeowner never buys a Report, we still help. The realtor wins the relationship. We become your one tool for every question your past clients have about their house.

03

Either door, both win.

If your client comes to us, you stay in the loop. If a homeowner finds us first without a realtor, we send them to a partner from our trusted list. We never recommend another realtor to a homeowner who already has one.

“Find HBC first. Before you hire a realtor, a general contractor, an architect, a designer, anyone.”
