

FOR PARTNER TRADES · PLUMBERS, ELECTRICIANS, HVAC, TILE, CABINETS

We don't send you leads. We send you sold jobs.

Pay 15% only when the homeowner signs. No upfront fees. No subscriptions. No pay-to-play. Here is everything that 15% buys you.

- 01 Sold jobs, not leads.**
The homeowner has already decided to do the project. Scope written. Budget approved. They are ready to sign.
- 02 A complete digital briefing before you arrive.**
Floor plans accurate to 1/8 inch. 360° photos. Full system documentation. Written project scope from a 27-year remodeling expert.
- 03 No competition.**
You are the one trade we recommend for that project.
- 04 The pricing is already set. You honor it.**
The homeowner has seen and accepted a budget built from your own pricing data. You are not bidding the job. You are delivering it at the number we already quoted. No re-negotiation. No surprises on day one.
- 05 A permanent record of your work.**
Every project you complete for an HBC homeowner gets documented in their Home Clarity Hub. Photos, scope, materials, warranty terms, your name.
- 06 Pay only when the job closes.**
No upfront fees. No pay-to-play. No monthly subscriptions. 15% of the contract value, billed when the homeowner signs. If a project does not close, you owe nothing.
- 07 A vetted network. Not a free-for-all.**
We screen, interview, and reference-check every trade in the network. The homeowner knows that. Your reputation gets a halo from being one of ours.
